

THE INTESTINAL AND MUSICAL HEALTH INSTITUTES PRESENT:
FINER HEALTH ~ FINER LIFE: A TRAVELING MUSICAL MEDICINE SHOW
Restoring Health, Happiness and Hope... Border to Border and Coast to Coast!

DR. KENNY DAVIN FINE

Join the Finer Health Revolution!

Dr. Kenny Davin Fine, the world's only Physician-Musician on a Mission, has seamlessly integrated his roles as a board certified internal medicine M.D. and gastroenterologist with his passion for music and healing. Personally funding projects like EnteroLab.com and the Intestinal Health Institute, Dr. Fine extends the benefits of his clinical expertise and research on nutrition, food sensitivity, and inflammatory intestinal disorders to a wide audience. Renowned for his captivating blend of country, rock, and blues music accompanied by intelligent, witty lyrics, Fine also utilizes the stage to advocate for proper nutrition and "intestinal fitness" emphasizing their crucial role in overall health. His appearances hybridize nicely into a unique "Edutainment" experience for all, and also reflect his vision to expand the therapeutic potential of his "Musical Medicine". With his new album "Rockspirational" and ongoing health advocacy efforts, Fine continues to innovate, embodying the essence of a Renaissance Man dedicated to inspiring health, happiness, and hope!

A Physician-Musician on a Mission
For Your Health, Happiness & Hope

Musical Medicine

Music with a purpose to Entertain, Educate & Enlighten

Throughout history, sound and song have been integral to healing practices, from ancient rituals to modern techniques.

Dr. Kenny Davin Fine, driven by a visionary approach to medicine, seeks to revolutionize the therapeutic use of music that he calls "musical medicine." Recognizing the power of voice and positivity, he aims to spread health, happiness, and hope through his music, contributing to the global expansion of healing modalities.

Sign Of The Times

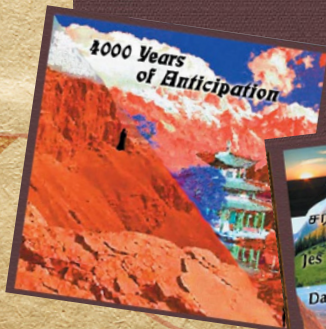

Because It's True

It'll Always Be 1979

I Know What I Know

I Don't Want An Electric Lover

What Happened To The Goodness

"I firmly believe that maintaining overall health hinges on intestinal health and consuming naturally healthy foods. That's why I've dedicated myself to ensuring that my research benefits, spanning nutrition, gluten sensitivity, and inflammatory bowel disease like microscopic colitis, reach those who need it most. Awareness of genetic and environmental risk factors and education are central to our mission. I wish to leave a legacy of one who worked for the good and good health of others."
